### President's Message

As the Hong Kong Chapter of buildingSMART International, HKABAEIMA presents you a new opportunity to scale new heights: You will gain your life-long and globally recognised qualification in openBIM through training and certification!

The Professional Certification – Foundation program is offered and accredited by buildingSMART International. Starting from 2021, HKABAEIMA, as the Hong Kong Chapter, starts offering the program in Hong Kong.

To gain your life-long and globally recognised qualification, please take the following steps:

1. Attend the compulsory training courses;
2. Take and pass the exam; and
3. Get your certificate, and your name will be shown in buildingSMART International's website.

Please Note: The training courses have to be attended and completed before taking the examination.
